INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To the Board of Directors of
Massachusetts Town Clerks' Association, Inc.

We have reviewed the accompanying financial statement of the Massachusetts Town Clerks' Association, Inc. (a nonprofit organization), which comprises the statement of cash receipts and disbursements for the year ended June 30, 2017, and the related note to the financial statement. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of the financial statement in accordance with the cash basis of accounting; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statement for it to be in accordance with the cash basis of accounting. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying statement of cash receipts and disbursements in order for it to be in accordance with the cash basis of accounting.

Basis of Accounting

We draw attention to Note 1 of the financial statement, which describes the basis of accounting. The financial statement is prepared in accordance with the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our conclusion is not modified with respect to this matter.

**NOTE TO STATEMENT OF CASH RECEIPTS AND DISBURSEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1 - NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES:

Nature of organization

Massachusetts Town Clerks' Association, Inc., (the Association), is a non profit organization incorporated on July 28, 1954, under the authority of Chapter 180 of the General Laws of the Commonwealth of Massachusetts.

The purposes of the Association are to foster a better acquaintance among the Town Clerks of the Commonwealth of Massachusetts; to assist in developing proper and efficient performance of their duties in respect to activities of the office and to advance and support sound government; to bring together, by conference or otherwise in furtherance of the foregoing objects, the Town Clerks of this Commonwealth with a view not only to an exchange of ideas but also to the promotion of cooperation in the solution of their common problems; to engage in such other activities tending to bring about a better understanding of Massachusetts Town Government.

Date of management's review

In preparing the financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through November 24, 2017, the date that the financial statements were available to be issued.

Basis of accounting

The accompanying financial statements have been prepared on the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under that basis, the only asset recognized is cash, and no liabilities are recognized. All transactions are recognized as either cash receipts or disbursements. Noncash transactions are not recognized in the financial statements.

Concentration of credit risk

The Association maintains its cash deposits at high quality financial institutions. From time to time, cash balances in these accounts may exceed federally insured limits. The Company has not experienced any losses in any of its accounts and does not believe it is exposed to any significant credit risk.

Income taxes

The Internal Revenue Service has determined that the Association is exempt from federal income taxes in accordance with Section 501 (c) (6) of the Internal Revenue Code. The Organization is also exempt from state income taxes. Management is not aware of any circumstances that would impair the Organization's non-profit determination.

The accounting standard on accounting for uncertainty in income taxes addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under this authoritative guidance, the Organization may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. At June 30, 2017, there were no unrecognized tax benefits identified or recorded as liabilities. The Organization's income tax returns for the past three years remain subject to examination by taxing authorities.
